I need the AM comments by noon tues, so I can incorporate comments and walk through cc tues afternoon and have on Pams desk by COB Tues. If you could make sure your mgmt is aware of this tight schedule, I would appreciate it....tx u susan

Lydia - I would like to know how long for a prelim enf attachment? I think we are going to at least need a streamlined enf attach for action memo - one of the 2 pagers? tx

Hello:

I would like to get your comments back by next Tuesday. Also we will need the enforcement attachment by the action memo briefing date which I hope will be next week as well.

Susan: Please let everyone know if we need to get it any sooner.

Thanks

Hello:

Here is my Action Memo for CES. Could you review again as I made some changes. I

think it is ready for routing except for Enforcement Attachment.

Thanks
